

Unscheduled

#	Tracker	Status	Priority	Subject	Assignee
10818	Feature	In progress	Critical	HFS disk image tasks [6 support tickets]	Joel Dunham
1010	Bug	New	High	DIP fails to upload if any filenames are missing file extensions	Sarah Romkey
1999	Feature	New	High	integrate GoogleMapAPI	Peter Van Garderen
2632	Feature	New	High	MARC XML Import	
2988	Bug	New	High	Autocomplete "add new" related object behaviour breaks if form submitted too fast	
3910	Feature	New	High	Export routine (MARC) for Archives Canada	
4231	Feature	New	High	Staged import	
4245	Feature	New	High	Digital object: improve import UI	
4266	Feature	New	High	Replace ISAAR Institution identifier free text field with link to institution(s)	
4268	Feature	New	High	Archival description to pull the Institution ID from ISDIAH	
4318	Bug	New	High	Search person/organization hit count error	
5171	Feature	New	High	Improve level of detail included in the AtoM search result stubs	
5505	Feature	New	High	Create a process to include i18n local changes in the upgrade process	
5724	Bug	New	High	Firefox browser has problem uploading digital objects with password protected sites	
5783	Bug	New	High	Group deny permissions for viewing descriptions and reference images by archival institution not working	José Raddaoui Marín
6003	Bug	New	High	DACS Technical access field doesn't roundtrip (EAD export/import)	
6316	Bug	New	High	Setting default language other than English doesn't stick	
6468	Feature	New	High	use Collection instead of label for name of new transfer in Sword API	Mike Cantelon
7114	Bug	New	High	Ensure that dates are stored as UTC in Elasticsearch	
7459	Bug	New	High	Term page times out when the form is submitted	
7843	Feature	New	High	add support for consuming fixity reports from DuraCloud	
9541	Feature	New	High	Add new data fixtures translations to existing installations	
10967	Feature	Document	High	Add REST endpoint to allow transfer backlog to be reindexed	
13397	Bug	New	High	PHP 7.3 causes atom-worker to crash periodically	
13482	Bug	New	High	Password changing doesn't work	
13608	Bug	Code Review	High	Regression: Default AND operator no longer working as expected in combining search terms from different fields	David Juhasz
1754	Feature	New	Medium	Show selection once selection has been made from dropdown.	Mike Cantelon
2430	Bug	Feedback	Medium	Max reference image width ignored	
2471	Feature	New	Medium	Add RAD GMD qualifiers	Peter Van Garderen

#	Tracker	Status	Priority	Subject	Assignee
2792	Bug	New	Medium	Can't translate some user interface elements or default content	
2799	Feature	New	Medium	Allow accent insensitive searches on accented characters	
2862	Feature	New	Medium	Merge imported files to existing records	
3095	Feature	New	Medium	Natural sort for mixed alphanumeric identifiers	
3250	Feature	New	Medium	Can't export multilingual descriptions	
3551	Feature	New	Medium	Add ability to sort when uploading digital objects	
3618	Feature	In progress	Medium	Use events table for defining "dates of existence"	José Raddaoui Marín
3661	Bug	New	Medium	QubitObject -> transient objects issue	
3667	Bug	New	Medium	Translator group should include default view draft setting	
3814	Bug	New	Medium	Can select narrow term as broad term or related term	
3825	Bug	New	Medium	Contributor can open Term create page	
3856	Feature	New	Medium	Implement RESTful web services to interact with Qubit programatically	
3867	Bug	New	Medium	Remove authority record dates of existence from information object show page	
3878	Bug	New	Medium	Option to add new terms available to contributors w/ default permissions	
3913	Bug	New	Medium	Duplicated RAD descriptions won't allow events (dates, etc) to be edited	
3950	Feature	New	Medium	Update FluentDOM	
3958	Bug	New	Medium	Search within a collection/information object	
3990	Feature	New	Medium	Add thumbnails to search results for imported digital objects	Tim Hutchinson
4007	Bug	New	Medium	Authority record very slow to load if "creator of" many descriptions	
4021	Feature	New	Medium	Implement rights notes as a multi-value field	
4027	Bug	New	Medium	Reference code not inheriting values properly	
4042	Bug	New	Medium	Attach digital objects to authority records	
4043	Feature	New	Medium	In ISAAR "Related corporate bodies, persons or families" dialog allow creating new entities	
4071	Bug	New	Medium	Non-working link in ISDIAH validation warning	
4077	Bug	New	Medium	Relationships not saved when creating function	
4078	Bug	New	Medium	In ISDF related functions dialogue box, Authorized form of name auto-complete list shows only first function created	
4079	Bug	New	Medium	Auto-complete list in authorized form of name in function/actor relationships not in alphabetical order	
4083	Bug	New	Medium	Accession record not linked to repository	
4115	Feature	New	Medium	ACL permission based on rights. Permission would match the rights taxonomy.	
4122	Bug	New	Medium	Global search and replace "and/or" criteria is confusing	
4123	Bug	New	Medium	When editing creation event, creator name disappears from edit template	
4127	Bug	New	Medium	When moving information objects, list of objects to be moved appears in search results	

#	Tracker	Status	Priority	Subject	Assignee
4128	Feature	New	Medium	Make column titles in printed reports customizable	
4130	Bug	New	Medium	Advanced search labels unaligned with title bar	
4132	Feature	New	Medium	No way to restrict groups or individual users with log-in privileges to access accessions, manage accessions, donors and rights.	
4137	Bug	New	Medium	Adding a related corporate body, person or family "Authorized form of Name" that is not in the system/drop-down list will not save.	
4153	Feature	New	Medium	Link physical storage to institutions	
4158	Bug	New	Medium	Fatal error for "link digital object" when using an invalid URL	
4163	Bug	New	Medium	In edit template the Add New hyperlink is in English ONLY, in rights and donor dialogs the "submit" and "cancel" button are in English ONLY.	José Raddaoui Marín
4166	Bug	New	Medium	Physical storage does not show hierarchical identifiers (e.g., fonds, series, file, item)	
4170	Bug	New	Medium	Deleting a repository which is linked from acl page breaks the acl edit page	
4173	Bug	New	Medium	In a SWORD deposit if Ghostscript segfaults the package is not processed at all	
4177	Feature	New	Medium	Rights Info in Search Index	
4178	Feature	New	Medium	Limit global search and replace to specific descriptions (and descendants)	
4187	Bug	New	Medium	Scroll jumps on screen to an incorrect position when using local anchors (location hash)	
4188	Bug	New	Medium	Dates of Creation - Actor Name drop-down list automatically opens and obscures other data entry fields	
4190	Feature	New	Medium	"See More" hyperlink to full Authority Record needed in Admin/Bio section of Archival Description	
4191	Feature	New	Medium	Attach digital objects to Authority Records	
4195	Feature	New	Medium	Merge similar taxonomies	
4200	Feature	New	Medium	Next record option	
4215	Bug	New	Medium	Inconsistent use of case in search field terms	
4233	Bug	New	Medium	Admin->Description Updates, selecting Publication Status "Draft" results in a list of updates that includes some published status descriptions	
4250	Feature	New	Medium	Separate RAD Note Field: Associated related/material into Two Fields	
4263	Bug	New	Medium	Authorized name disappears when editing relationships	Tim Hutchinson
4264	Feature	New	Medium	Hover Text needed for RAD elements: Restrictions on Access; Terms governing use/reproduction/publication; Language of Description	
4265	Feature	New	Medium	Control Area-> Rules and Conventions Field-> Add drop-down list of standard used	
4270	Feature	New	Medium	Usability - Change Class of Materials Area (RAD) template from single fields interface to drop-down lists	
4274	Bug	New	Medium	Deleting user group causes error	
4279	Bug	New	Medium	Translator cannot edit published descriptions - permission denied	
4281	Bug	New	Medium	Translator group default permissions should not include Add New and Delete actions for repositories	
4289	Feature	New	Medium	Add tooltip to Access Points in Information Objects edit screen ISAD(G) template	Dan Gillean
4301	Bug	New	Medium	<author> EAD tag data not recognized, dropped by ICA-AtOM on import	
4304	Bug	New	Medium	Search for non-preferred term does not result in retrieval of record with preferred term	
4307	Bug	New	Medium	Change term name and search locates old term not new term	

#	Tracker	Status	Priority	Subject	Assignee
4314	Bug	New	Medium	Boolean operator OR not working in actor object search box	
4319	Bug	New	Medium	Add ellipses to Title field when truncated	
4347	Bug	New	Medium	Autocomplete fields break when the tab key is pressed	José Raddaoui Marín
4464	Bug	New	Medium	Treeview labels not truncating in IE8 except Trillium theme	
4493	Feature	New	Medium	print one page of a set of multipage search results	
4516	Feature	New	Medium	Add Global search and replace module to AtoM 2, supported by the Job scheduler	
4533	Feature	New	Medium	add ability to exclude a stoplist from sort order	
4616	Bug	Feedback	Medium	Clicking on some archival description area headings to edit them results in the record opening improperly	
4640	Feature	New	Medium	Add support for thumbnails for intellectual entities that have multiple digital objects	
4660	Feature	New	Medium	Upload DIPs to DSpace	
4709	Bug	New	Medium	very long slug causes server error	
4714	Bug	New	Medium	Global search and replace doesn't work with accents	José Raddaoui Marín
4734	Bug	New	Medium	Add CSV import support for blank creators	Mike Cantelon
4735	Bug	New	Medium	Change creator import logic so the creator tweaking happens after all row columns have been scanned	Mike Cantelon
4798	Feature	New	Medium	Add user interface for exporting multiple records	Dan Gillean
4924	Bug	New	Medium	Media type other than text with remote URL breaks link	
4946	Feature	New	Medium	Admin tool for Popular Search Statistics by repository	
4955	Bug	New	Medium	Reference Code inheritance creates duplicates within Fonds	
5011	Feature	New	Medium	Enhance tracking of Archivematica AIP information	
5015	Feature	New	Medium	Enable ability for Admin to select OAI-PMH metadata template via Settings	
5016	Feature	New	Medium	Enable OAI repository to expose metadata based on description-specific template.	
5059	Feature	New	Medium	Store copies of METS files outside AIPs to enable faster ES re-indexing	
5148	Feature	New	Medium	Enhance usability of AtoM 2.x Advanced Search	Dan Gillean
5188	Feature	New	Medium	Include button to allow institutions to link directly to full descriptions in their online finding aids	
5215	Feature	New	Medium	Add results summary to normalization report	Mike Cantelon
5221	Feature	New	Medium	Add accession number to archival storage tab list and search results	Mike Cantelon
5222	Feature	New	Medium	Add dashboard indicator to show that a task is running	Mike Cantelon
5238	Task	New	Medium	Figure out if Elasticsearch child documents can be used to store redundant data	Mike Cantelon
5254	Bug	New	Medium	pre-process date fields before indexing in elastic search	Mike Cantelon
5258	Task	New	Medium	Verify filesystems are accessible by storage service	
5276	Bug	New	Medium	Consider making search bar results wildcarded by default to improve usability when using autocomplete match-all	
5278	Feature	New	Medium	Allow users to see further facet results - improve facet usability beyond first 10 results.	

#	Tracker	Status	Priority	Subject	Assignee
5315	Bug	New	Medium	Manage upload disk usage quotas asynchronously	
5317	Feature	New	Medium	Investigate ability to integrate Libraw into Archivematica	
5380	Task	New	Medium	Figure ways to work around ElasticSearch document size limit	Mike Cantelon
5410	Bug	New	Medium	Hide General material designation facet from Advanced search if default template is not RAD	José Raddaoui Marín
5420	Bug	New	Medium	User with permissions for only one repository can link descriptions to other repositories.	
5478	Bug	New	Medium	Link to external video does not result in reference representation	
5485	Feature	New	Medium	Add ability to include DC mapping row in metadata CSV	
5515	Bug	New	Medium	Manage taxonomies menu is broken	
5516	Task	In progress	Medium	Add notications where appropriate	Mike Cantelon
5517	Task	New	Medium	Fetch AIPs from Archivematica asynchronously	
5555	Feature	New	Medium	Support CIFS in storage service	
5573	Bug	New	Medium	Long site title pushes search bar into main page, disrupts layout of all other pages.	
5576	Bug	New	Medium	Ability to add related function is missing from Authority record's "Relationships" information area	
5577	Bug	New	Medium	Donor records cannot be related to accessions after creation via Donor record	
5584	Feature	New	Medium	Add place access point to description when Place included in event	
5594	Feature	New	Medium	Create custom entity type icons for Dominion theme using CSS	
5616	Feature	New	Medium	Consider implementing tooltip/hover menu for institutional logo	
5619	Feature	New	Medium	Include relationships area in Rights holders records and allow linking	
5648	Bug	New	Medium	Browser form suggestions interfere with search bar facet results (Firefox)	
5680	Bug	New	Medium	Changing digital object thumbnail means that thumbnail for reference copy is also changed	
5709	Task	New	Medium	Review document indexing methods in ElasticSearch using the attachment type and Apache Tika	
5720	Bug	New	Medium	Click "all matching ..." in the search box autocomplete list leads to a browse page without the same results	José Raddaoui Marín
5730	Bug	New	Medium	Occasional discrepancy between institutional facet count and actual results	José Raddaoui Marín
5741	Bug	New	Medium	Title should be weighted in search results for authority records and institutions	
5749	Bug	New	Medium	Permissions do not behave as expected	
5762	Bug	New	Medium	Options to browse records or narrow search results by institution remain when multiple repositories option is disabled	
5782	Bug	New	Medium	When scrolling PRINT list for Physical Storage, text runs over the interface.	
5800	Bug	New	Medium	no error is displayed if Transfer Source directories are empty or not readable	
5816	Bug	New	Medium	unrar-free can't decompress all RAR archives	
5846	Bug	New	Medium	Format slugs are not unique	
5869	Feature	New	Medium	set default repository in new information objects for accounts with repository affiliation	

#	Tracker	Status	Priority	Subject	Assignee
5872	Feature	Feedback	Medium	Add ability to delete an aip from the storage service	
5881	Bug	New	Medium	Search/browse pager duplicates page options when total number of pages is 5 or less.	
5965	Bug	New	Medium	discrepancy between "browse xx holdings" link and actual browse page	
5968	Feature	New	Medium	virtual institutional database - limit search/browse to single institution and maintain state	Tim Hutchinson
5981	Bug	New	Medium	Physical location tab in Archival Institution contact modal runs out of screen	
5985	Bug	New	Medium	XML export view doesn't work in mobile	
5986	Feature	New	Medium	Extend visible elements module to actors/repositories	
5998	Feature	New	Medium	Allow mapping of custom actor entity types to persname/corpname/famname	
6002	Feature	New	Medium	Add DACS template to visible elements	José Raddaoui Marín
6010	Feature	New	Medium	Make it easier to skip through alphabetical browse	
6012	Feature	New	Medium	Export DACS as EAD should show encoding analog in DACS	José Raddaoui Marín
6013	Bug	New	Medium	"Holdings" user interface label (settings) not changing link to browse term in institution page	
6034	Bug	In progress	Medium	Rebuild Elasticsearch needs to be updated for AIP creation and storage changes	
6051	Bug	New	Medium	Quick search hover text tooltip in treeview will not display titles in quotation marks	
6080	Bug	New	Medium	Inactive users cannot be searched with Users dedicated search bar.	
6087	Feature	New	Medium	Improve the upload calculation widget in Admin > Settings so it will not time out when checking large disks	
6113	Bug	New	Medium	Digital object thumbnails being cropped in carousel and search/browse results	
6142	Bug	New	Medium	change exit code for checkTransferDirectoryForObjects when no objects found	
6144	Bug	New	Medium	checkTransferDirectoryForObjects script should be run as part of 'Approve Transfer' microservice	
6151	Bug	New	Medium	Multiple terms added with the same name are inaccessible via taxonomy browse and treeview	
6166	Feature	New	Medium	When search limited to single repository, hide repository results from autocomplete	
6167	Feature	New	Medium	When search limited to single repository, limit autocomplete results for authority records to those linked to repository	
6219	Feature	New	Medium	Tweaks to treeview / quick search heading	
6258	Task	New	Medium	Remove dashboard delete icon option on Micro-services which require user decisions	
6259	Task	New	Medium	add ability to hide the Archivists Toolkit DIP upload link in administrative tab of the dashboard	
6263	Bug	New	Medium	deleting an aip does not delete the parent directories	
6291	Feature	New	Medium	digitalobject:load task - add support for description_identifier field	
6294	Bug	New	Medium	Search for terms doesn't work in interface other than English	
6313	Feature	New	Medium	Language of archival description should be a hyperlink	
6314	Bug	New	Medium	Languages facet and specific language filter should show related description and authority records in source language.	
6368	Feature	New	Medium	add dashboard uuid and hostname to emailed fail reports	
6372	Bug	New	Medium	empty <dsc> element still exported if no child records	

#	Tracker	Status	Priority	Subject	Assignee
6387	Bug	New	Medium	Lower-level Language of Material and Script of Material not exporting in EAD	José Raddaoui Marin
6437	Bug	New	Medium	CSV import doesn't report certain errors	Mike Gale
6442	Bug	New	Medium	Negative ISO dates (to capture BCE dates) cannot be recorded in start and end date fields	
6452	Feature	New	Medium	Add ad-hoc archive creator	Mike Cantelon
6456	Feature	Code Review	Medium	Support characterization of video using ffmpeg's framemd5	
6506	Feature	New	Medium	Include robots.txt file with specific exclusions in release tarballs	
6527	Task	New	Medium	Add creator entity type and creator dates of existence columns to description CSV template	
6528	Feature	New	Medium	Improve error handling and reporting during CSV import into AtoM	
6531	Task	New	Medium	review CSV authority record merge/overwrite logic; make consistent across exports	
6574	Bug	New	Medium	Treeview doesn't show expected descriptions when sorting by identifier-title	
6626	Bug	QA/Review	Medium	Can't browse transfer source directories in IE11	
6689	Bug	New	Medium	CSV import for archival descriptions creates terms with wrong culture	
6715	Feature	New	Medium	DIP storage: track relationship between AIP and DIP in AIP pointer file	Evelyn McLellan
6784	Feature	New	Medium	Improve Elasticsearch error messaging in AtoM	
6785	Bug	New	Medium	ElasticSearch always connects to localhost, not to the specified host	
6791	Bug	QA/Review	Medium	Javascript and UI issues- SIP Arrange panel	Sarah Romkey
6807	Feature	New	Medium	Unattended installation via a "kickstart" file and/or PEAR package	
6813	Bug	New	Medium	Administrator has no rights because of PHP Fatal error: Uncaught exception 'Zend_Acl_Exception' during installation	
6815	Task	New	Medium	METS format info only from transfer file ID	
6823	Feature	New	Medium	Automate dip upload target	
6876	Feature	New	Medium	add institutional facet, language facet and/or institutional filter tag to relevant pages	Tim Hutchinson
6890	Task	New	Medium	Document tools in archivematica-devtools repository	
6953	Task	In progress	Medium	Add Sphinx plugin/skeleton for REST API plugin	Mike Cantelon
6970	Task	New	Medium	Restructure repo to remove extra storage_service directory	
7026	Bug	New	Medium	Angle brackets in text break EAD export	
7044	Feature	New	Medium	Enhancement of Store DIP feature - Allow the storage service to track parentage for DIPs	
7045	Feature	New	Medium	Enhancement of Store DIP feature - Make link to stored DIPs available in the Access tab of the Archivematica dashboard	
7134	Bug	New	Medium	First information area should default to open when clicking edit button or creating a new record	
7156	Bug	New	Medium	CSV digital object import duplicates existing physical objects	
7167	Bug	New	Medium	Storage names that share a name, location and institution should merge	Mike Gale
7175	Bug	New	Medium	size of DIPs reported incorrectly	
7186	Task	New	Medium	Merge Space staging path and SS internal location	

#	Tracker	Status	Priority	Subject	Assignee
7196	Task	New	Medium	Consider ability to change UUID to pipeline	Sarah Romkey
7198	Bug	New	Medium	Race condition in autocomplete.js	
7230	Feature	New	Medium	Support separate display labels for directories created in SIP arrange	
7250	Task	New	Medium	Script to recreate SS DB of AIPS	
7312	Feature	New	Medium	Dashboard Admin - improve how S.S. Locations are displayed	
7337	Bug	New	Medium	EAD import produces some fonds with bad slugs	
7366	Bug	New	Medium	Upgrade to jQuery 2.x	
7428	Feature	New	Medium	Dashboard should report transfer time-out	
7590	Bug	New	Medium	Access tab links are broken	
7644	Bug	New	Medium	Generic MOV preservation normalization failing	
7695	Bug	New	Medium	Setting custom taxonomy delete permissions overrides all taxonomy delete permissions	
7696	Bug	New	Medium	RAD - duplicated descriptions require 2 attempts to remove notes	
7697	Feature	New	Medium	Add level of description and "Part of" columns to Move page	
7703	Feature	New	Medium	Improve labelling of RAD GMD taxonomy	
7704	Bug	New	Medium	All norm paths should make thumbnails from originals	
7705	Bug	New	Medium	Error excluding calling actor in actor/autocomplete	
7711	Task	New	Medium	Move job status constants to QubitJob class	Mike Gale
7735	Bug	In progress	Medium	FITS unable to parse a specific pdf file	
7736	Bug	In progress	Medium	tesseract taking a long time / failing with some content	
7755	Bug	Document	Medium	Main header search shows empty links after using non iso-8859-1 characters	
7759	Bug	New	Medium	multiple dates display issue in DC view template	
7896	Feature	New	Medium	Change behaviour of checkTransferDirectoryForObjects_v0.0	
7920	Bug	New	Medium	CSV import with 1 creator and multiple dates causes errors	Mike Cantelon
7987	Task	New	Medium	In Rights area, change label from "Identifier role" to "Documentation role"	José Raddaoui Marín
8011	Task	New	Medium	Change publication status label from "draft" to "private"	
8027	Bug	New	Medium	Location usage reporting seems to be inaccurate	
8104	Bug	New	Medium	AtOM global search box fails to provide autocomplete results for i18n cultures other than English	
8260	Bug	New	Medium	Should it be /var/archivematica/storage_service or /var/archivematica/storage-service?	
8308	Bug	New	Medium	Changes to material specific RAD fields do not update under some conditions	
8355	Bug	New	Medium	RAD and DACS specialized notes do not crosswalk, and switching templates with specialized notes causes errors in the edit template	
8386	Bug	New	Medium	Non-sanitized directory names do not create a dmdSec	
8444	Bug	New	Medium	Alphabetical sort in archival storage tab is case sensitive

10031	Bug	New	Medium	Package installer permissions on directory used by reingest	Santiago Collazo
10045	Bug	QA/Review	Medium	AIP reingest failing because of different number of bytes	Sarah Romkey
10060	Feature	New	Medium	Unidentified files report	
10061	Task	New	Medium	Make digitalobject:extract-text task also index transcripts in the ES index	
10083	Feature	Feedback	Medium	Generic search REST API (proof-of-concept)	Mike Cantelon
10134	Bug	New	Medium	0.9 release	
10218	Feature	New	Medium	Capture File and AIP UUID information in EAD XML and CSV exports and imports	
10226	Bug	QA/Review	Medium	MCP server error when normalization tool's stderr output contains non-unicode characters	Sarah Romkey
10284	Task	New	Medium	Support in Ansible for deploying JavaScript apps like appraisal tab and transfer browser	
10285	Task	New	Medium	Support AIP migration deployment (Celery + Redis) in Ansible and package deploys	Hector Akamine
10391	Bug	New	Medium	Submitting archival description with Safari results in 500 error	
10468	Bug	New	Medium	Lengthen url allowed for ArchivesSpace settings	
10487	Bug	New	Medium	CONTENTdm simple.txt and compound.txt do not match Archivematica's DIP objects	Sarah Romkey
10611	Bug	New	Medium	Extraction failures not obvious to user	
10658	Feature	New	Medium	Make a non-admin Storage Service user	
10672	Bug	New	Medium	Parentheses included in URL will not properly convert to link - regex fails to recognize full URL string	
10699	Bug	New	Medium	Handling of packages on re-ingest	
10751	Task	New	Medium	Project Administration	
10762	Feature	New	Medium	Make "language of description" labels consistent in Visible elements module, RAD edit template, and RAD view template	
10769	Task	New	Medium	Project analysis	
10777	Bug	New	Medium	ArchivesSpace admin user password	Kelly Stewart
10786	Bug	New	Medium	Transfer with FLV file extension failing to characterize and extract metadata	

#	Tracker	Status	Priority	Subject	Assignee
10828	Bug	QA/Review	Medium	Cannot do metadata only re-ingest if originals have been normalized twice	Sara Allain
10850	Feature	New	Medium	Improve video derivative regeneration process	
10873	Bug	New	Medium	Changing display standard changes event type	
10925	Bug	New	Medium	Error transcoding a filename with parentheses via ffmpeg	
11033	Bug	New	Medium	AIC identifiers entered during transfer are lost	
11034	Bug	New	Medium	Translation bar is broken on the Archival institution view page when repository is themed	
11037	Task	New	Medium	Investigate duplication of publication status	
11048	Feature	New	Medium	Command-line task to automatically generate finding aids from existing descriptions based on Finding aid settings	
11052	Bug	Feedback	Medium	MODS import missing actor/info object relationship	
11163	Task	Deploy	Medium	Switch to UTF8 encoding for METS file	Santiago Collazo
11175	Bug	New	Medium	Draft descriptions referenced in Part of facet in archival description search/browse	
11191	Bug	Feedback	Medium	XML representation caching for EAD: changing a child record to draft deletes cached EAD XML even if the parent is published	Mike Cantelon
11208	Feature	New	Medium	Email notification	Kelly Stewart
11277	Task	New	Medium	Remove latitude and longitude fields from donor records	
11465	Feature	New	Medium	Update multi-upload widget with something HTML5 based to replace Flash dependency	Mike Gale
11485	Feature	QA/Review	Medium	Evaluate the NextCloud integration that Arkivum has developed	Sarah Romkey
11640	Bug	New	Medium	Problem: full re-ingest with unstored DIP breaks at "Generate DIP"	
11662	Bug	New	Medium	FITS XML output not stored if NLNZ Metadata Extractor fails	
11773	Bug	New	Medium	Dates of creation, revision, and deletion not included in Full details finding aid	
12001	Bug	New	Medium	Slug generation behavior not consistent between different workflow methods	
12070	Feature	New	Medium	Develop a task to check for common data corruption issues in AtoM	
12107	Feature	In progress	Medium	Add i18n language options to CSV and XML exports from the clipboard	
12118	Bug	Feedback	Medium	Groups will not set permissions from more than 1 archival institution for descriptions	Dan Gillean
12155	Bug	New	Medium	CSV export issues in cultures not in English	
12244	Bug	New	Medium	No way to restrict translation abilities to specific descriptions or repositories	
12365	Feature	New	Medium	Allow more customization options for reference code separator settings	
12385	Bug	New	Medium	Button to remove search when browsing places, subjects, not working in French, Spanish	
12420	Bug	New	Medium	QubitMigrate bump functions can collide with other resources	
12520	Bug	New	Medium	Term index page shows all child terms without paging	
12621	Feature	New	Medium	Allow users to configure default values to pre-populate certain fields in new descriptions	
12634	Feature	New	Medium	Add the ability for AtoM to check and fix basic CSV issues on import (line endings and character encoding)	
12648	Bug	New	Medium	SKOS source notes are not being imported	

#	Tracker	Status	Priority	Subject	Assignee
12659	Bug	New	Medium	URL for export from clipboard incorrect if AtoM not installed in default location	
12679	Feature	New	Medium	Extend Dublin Core template support to include DC terms	
12687	Feature	New	Medium	Add option to slug generation to allow only specific AtoM object types to have their slugs generated	
12696	Bug	New	Medium	CSV term export task's culture parameter does not work as expected	
12713	Task	New	Medium	Optimize physical object normalization task	Mike Cantelon
12719	Feature	New	Medium	Allow users to qualify name access points using non-creation events	
12728	Bug	New	Medium	It's possible to create more than one DO associated to the same description	
12729	Bug	New	Medium	Generated finding aid not displaying all children at one level below top in TOC when FA setting is inventory mode	
12757	Feature	New	Medium	Make the repository holdings list show any description directly linked to the repository, rather than only top-level descriptions	
12866	Feature	New	Medium	Make access points sort alphabetically by default on view and edit pages	
12952	Task	New	Medium	Get rid of Transifex-specific content in build.xml	Mike Cantelon
13018	Task	New	Medium	Analysis, development, and administration	
13034	Feature	New	Medium	Overhaul digitalobject:load task and clarify behavior	
13047	Bug	New	Medium	Alternative identifier types/labels can't be translated	
13063	Bug	New	Medium	Term maps no longer rendering with Code field due to changes in Maps API key requirements	
13071	Bug	Feedback	Medium	Browse hierarchy is not displaying alphabetically	Corinne Rogers
13100	Feature	New	Medium	Allow an accession to link to multiple descriptions during a CSV import	
13101	Bug	Feedback	Medium	When "Enable description change logging" is set to "yes", all Description updates are hidden	
13118	Bug	New	Medium	Avoid PHP Warning: count(): Parameter must be an array or an object that implements Countable	José Raddaoui Marin
13133	Task	New	Medium	Investigate memory usage and garbage collection in Finding aid generation issues	
13142	Bug	New	Medium	AtoM no longer warns users when flash is not installed or enabled	
13154	Feature	New	Medium	Add the ability to disable the nested set during CSV import to the user interface	
13162	Task	New	Medium	Overhaul how Full-width treeview page updates are implemented when a new node is selected	
13178	Bug	Feedback	Medium	Possible PHP regression: cannot log in with Debug mode enabled when using PHP 7.2	
13181	Bug	New	Medium	Languages with 3-letter codes cannot be added in AtoM's user interface settings	Dan Gillean
13197	Bug	New	Medium	Generate finding aid results in elasticsearch error "DocumentMissingException"	
13200	Bug	New	Medium	AtoM ignores DIP upload setting that specifies stripping file extensions from information object names	
13205	Bug	New	Medium	Adding multiple ACL group taxonomy rules - only last one added applies	
13231	Bug	New	Medium	Regression: facets no longer allow multi-selection after ES upgrade	
13240	Task	New	Medium	Analyze full removal of nested set in favor of the current parent relation plus an order column	
13248	Task	New	Medium	Add / update explanatory notes to taxonomies for better end user experience	
13252	Task	New	Medium	Look into use of partial ES update in repository bulk updating code	

#	Tracker	Status	Priority	Subject	Assignee
13267	Bug	New	Medium	DIP upload doesn't work as expected when the METS file uses two PREMIS versions	
13270	Bug	New	Medium	A description CSV import with the same name as a creator and a name access point will create duplicate authority records on import	
13271	Task	New	Medium	Investigate options to reduce memory usage working with related models	
13272	Task	New	Medium	Use resource's id instead of the full resource to create/update the Elasticsearch document	
13273	Task	New	Medium	Use Elasticsearch's "update by query API" to update related resources	
13283	Task	New	Medium	Avoid loading the file in memory to copy digital objects	
13293	Feature	New	Medium	Improve full-width paging options for large hierarchies	
13296	Bug	New	Medium	EAC roundtripping - some fields are indented on import, causing markdown to render them as code blocks	
13298	Bug	New	Medium	Authority record matching produces duplicate untitled actor record when roundtripping EAD	
13316	Feature	New	Medium	Improve AtoM's error messages	
13318	Feature	New	Medium	Replace current "autocomplete" (E.g. for access points, repository) with a standard library	
13331	Feature	New	Medium	Support the default sql_mode from MySQL 8	
13345	Bug	New	Medium	Adding per-institution permissions limits access to more descriptions than expected	
13359	Task	New	Medium	Analyze trade offs of having indexes for lft and rgt columns	
13360	Task	New	Medium	Investigate alternatives to the default transaction isolation level	
13379	Task	New	Medium	Remove MySQL's optimizer switch and investigate benefits of BNL and BKA optimizer hints	Steve Breker
13381	Bug	New	Medium	Elasticsearch error adding [metsData] to AIP document	José Raddaoui Marín
13385	Task	New	Medium	Improve performance and reduce deadlocks on import processes	
13392	Task	New	Medium	Address legacy code and create schema migration for data still associating Rights statements with digital objects	
13405	Task	QA/Review	Medium	Update Docker VCL to allow switching of language	
13409	Bug	New	Medium	Object and AIP identifiers are not deleted from database after digital object is deleted	
13425	Bug	New	Medium	Adding multiple event actors on the fly in the RAD template can cause the link to the authority record to be lost on save	
13432	Bug	New	Medium	AtoM finding aids fail to represent some accented characters	
13442	Bug	Feedback	Medium	Saved clipboard maximum age setting is not considered by default	Michelle Curran
13444	Task	New	Medium	Create documentation and template for importing LCSH terms as skos	Evelyn McLellan
13455	Bug	New	Medium	Archivematica DIP upload does not support multiple creators	
13462	Bug	In progress	Medium	Fix PHP Warnings and Notices	David Juhasz
13463	Bug	New	Medium	Problem: CSV import with pipe separated culture data crashes import and adds bad data	
13464	Feature	Code Review	Medium	Modify arElasticSearchInformationObject class to allow paged indexing from ad-hoc scripts	
13472	Bug	New	Medium	Creating accession record via GUI and populating creator field results in duplicate creator authority records, anomalies	Dan Gilleán
13479	Bug	New	Medium	"Calculate date range" output not consistent	

#	Tracker	Status	Priority	Subject	Assignee
13503	Bug	In progress	Medium	Markdown can affect the display of digital object filenames	Mike Cantelon
13505	Bug	New	Medium	Problem: The accession mask setting can cause a timeout error when adding new accessions	David Juhasz
13519	Feature	QA/Review	Medium	Support Varnish bypass for authenticated users	
13520	Bug	New	Medium	Pop-up login form isn't Varnish-friendly	
13529	Bug	New	Medium	Some GUI strings are not translatable	
13530	Task	In progress	Medium	Create new versions of existing themes with Bootstrap 5	José Raddaoui Marín
13536	Bug	New	Medium	Culture fallback not working for event notes	
13538	Bug	QA/Review	Medium	CSV transformation factory creates transformations that always convert characters to Windows encoding	
13542	Bug	New	Medium	Applying the copyright pop-up warning to a locally uploaded PDF removes access to thumb and access deriv for public users	
13554	Bug	New	Medium	Copyright status filter returns results that have Rights without a Copyright basis	
13555	Feature	New	Medium	Feature enhancement: make the behavior of the institutional scoping more consistent and widely supported	
13557	Feature	QA/Review	Medium	Add ability to set arbitrary levels of description in CSV transformation class	
13560	Bug	New	Medium	'Allowed languages for translation' user permission settings do not work	
13562	Bug	New	Medium	Place terms added via Events dialogue do not show up in term view page browse results	
13565	Feature	QA/Review	Medium	Add custom sort order logic support to CSV transformation classes	Mike Cantelon
13566	Bug	New	Medium	Finding aid generation: publication status should not be included when generating as public user	
13580	Bug	New	Medium	Terms i18n - Use for label translations will not display on view pages; adding separate secondary culture UF label can delete source culture UF label	
13581	Bug	New	Medium	ES index update jobs frequently run when not needed.	
13582	Bug	New	Medium	CSV import matches wrong archival descriptions when using 'match and update' mode	
13594	Feature	New	Medium	Delete broken global search and replace code	
13595	Bug	New	Medium	Advanced search Finding Aid filter doesn't find descriptions with Finding Aids	
13601	Bug	New	Medium	Cannot add opening or closing parentheses to search query via global search box with Chrome or Firefox	Dan Gilleán
13602	Feature	New	Medium	Allow users to export all terms in a taxonomy (SKOS)	
13603	Bug	New	Medium	No option to delete or regenerate finding aid given in UI when previous attempt results in corrupted PDF	
13604	Feature	QA/Review	Medium	Add task to get/set settings	
13605	Feature	New	Medium	Add a --batch-size option to the Regenerate Derivatives task	
13606	Bug	New	Medium	AtOM ignores EXIF orientation metadata when generating derivatives	
13613	Bug	New	Medium	Updating visible elements adds a "_csrf_token" setting to the database	
13614	Feature	New	Medium	Task to display/query configuration	
1277	Bug	New	Low	Descriptions for micro services should be dynamically received from the MCP server.	Mike Cantelon
1519	Feature	New	Low	Field validation in rights edit templates	Mike Cantelon
1537	Feature	New	Low	Management of persistent MCP metadata needed for statistical reports	Mike Cantelon

#	Tracker	Status	Priority	Subject	Assignee
1586	Feature	New	Low	Synchronize metadata updates in access systems to AIP	
1826	Task	New	Low	Sort order of tasks	Mike Cantelon
1889	Feature	New	Low	Add underscores and periods as tokenizers to value list in ElasticSearch	Mike Cantelon
1910	Feature	Feedback	Low	Upload submission documentation during transfer upload	Mike Cantelon
1929	Feature	Feedback	Low	Add ability to generate "pass/fail" reports	Mike Cantelon
2021	Feature	New	Low	Forgotten Passwords	
2023	Feature	New	Low	new user welcome email	
2033	Feature	New	Low	Googlemaps link Repository profile	Peter Van Garderen
2049	Feature	New	Low	remote digital object storage (eg. Amazon S3, .Mac)	
2051	Feature	New	Low	linking information object/actors to Places (+ searchable date ranges)	
2056	Feature	New	Low	upload (and search) the full text of textual documents or transcriptions of audio/video documents	
2060	Feature	New	Low	checksum generation for uploaded and imported files, and record this information so it can be used later	
2066	Feature	New	Low	navigation history plugin	
2082	Feature	New	Low	extent & medium / date range helper displays (at collection level)	
2085	Feature	New	Low	UI for editing / import dynamic metadata element set	
2089	Feature	New	Low	METS XML import/export	Peter Van Garderen
2090	Feature	New	Low	Develop local/custom templates from simple config	
2101	Feature	New	Low	Metadata & object versioning / auditing	
2120	Feature	New	Low	Saved searches across sessions	
2121	Feature	New	Low	Search-within-search -- sorted & filter by relevance; date; place; file type	
2128	Feature	New	Low	get() inherited value fallback	
2149	Feature	New	Low	add back-up task to Admin menu	
2153	Feature	New	Low	add QubitSetting UI labels to default content translation	Peter Van Garderen
2157	Bug	New	Low	symfony cache system for ORM identity map?	
2164	Feature	New	Low	Allow inactive terms in taxonomies	
2193	Feature	New	Low	Add dimensions meta-data to image digital object	
2218	Feature	New	Low	Automate "Language of description" in Description control area	
2224	Feature	New	Low	Translate bar: add info about translation status of current record	Peter Van Garderen
2278	Bug	New	Low	Can't delete authority file if it is also being used as a repository	
2293	Feature	New	Low	Source field (InfoObject, Actor, Repository, Term): replace by multiple source notes in Note table	

#	Tracker	Status	Priority	Subject	Assignee
2294	Feature	New	Low	GoogleMap integration	
2296	Bug	New	Low	Conflicting user permissions breaks Zend Search	
2309	Feature	New	Low	Properties module	Peter Van Garderen
2312	Feature	New	Low	pluralization in ui labels	
2325	Bug	New	Low	Installer fails .htaccess detection on our server because we use http authentication	
2354	Feature	New	Low	Deleting archival institution should give option of deleting all associated archival descriptions	
2364	Bug	New	Low	Pluralize taxonomy names	Peter Van Garderen
2366	Feature	New	Low	Global Updates	
2368	Feature	New	Low	Group digital object browse by collection	
2383	Bug	New	Low	Memory detected as too low when memory is unlimited (-1)	
2385	Bug	New	Low	add un-escaped variables to templates	
2386	Bug	New	Low	sfWebBrowserPlugin needs to loadXML / loadHTML based on response content type	
2387	Bug	New	Low	PHP fails to iterate over escaped DOMNodeList objects	
2388	Bug	New	Low	Limited search capability for user manual	
2409	Feature	New	Low	Installer: Add warning if no ImageMagick or GD binaries or FFMPEG.	
2413	Bug	New	Low	Lucene failing to clear index after propel build all load	
2452	Feature	New	Low	make objects aware of the standard/template scope in which they are being used	
2453	Bug	New	Low	extend the search index to include non-core elements	Peter Van Garderen
2454	Feature	New	Low	institution_responsible_identifier field	Peter Van Garderen
2458	Feature	New	Low	provide modal dialog box to edit Admin History/Biog sketch	
2470	Bug	New	Low	Implement RAD-formatted title	
2476	Bug	New	Low	Deleting QubitObjectTermRelation is not deleting parent QubitObject	
2477	Bug	New	Low	Deleting QubitEvent rows is not deleting parent QubitObject data	
2483	Feature	New	Low	One click submit - delete multiple relations from information object (RAD)	
2486	Bug	New	Low	Indicating when an archival description refers to records that can be requested by the researcher	Peter Van Garderen
2497	Feature	New	Low	Add alphabetical sort of users	
2522	Bug	New	Low	HTML doesn't validate	Peter Van Garderen
2524	Feature	New	Low	"Return to search results" button	
2529	Feature	New	Low	provide validation notice if inherited values are repeated	

#	Tracker	Status	Priority	Subject	Assignee
2536	Bug	New	Low	Hide menu buttons if user doesn't have permissions for link
