

Access to Memory (AtoM) - Bug #4301

<author> EAD tag data not recognized, dropped by ICA-AtoM on import

06/13/2012 12:00 AM - Dan Gillean

Status:	New	Start date:	
Priority:	Medium	Due date:	
Assignee:		% Done:	0%
Category:	EAD	Estimated time:	0.00 hour
Target version:		Tested version:	1.3
Google Code Legacy ID:	atom-2353	Requires documentation:	
Sponsored:	No		

Description

To reproduce this error: =====

- 1) Import an EAD file that contains data wrapped in the EAD <author> tag
- 2) Try to find the data in the imported information object

Resulting error: =====

Data contained in an <author> tag is not imported into the information object (the archival description).

Expected result: =====

<author> tag is recognized and mapped to appropriate ICA-AtoM field

NB: Is this related to "/p/qubit-toolkit/issues/detail?id=903":issue 903 ?
