

Archivematica - Bug #963

Add Dublin Core metadata template to SIP at earlier stage in workflow

12/13/2010 12:00 AM - Evelyn McLellan

Status: Verified	Start date:
Priority: High	Due date:
Assignee: Joseph Perry	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version: Release 0.7	Pull Request:
Google Code Legacy ID: archivematica-308	Requires documentation:

Description

Currently the DC template does not appear in the metadata folder until the SIP is dropped into appraiseSIP. However, it should be available for the archivist to use at the reviewSIP stage - i.e. it should be added when the SIP is moved from acquireSIP to reviewSIP.
